Principal's foreword

Introduction

This report is a snapshot of some aspects of the programs offered at Lockyer District High School. Information contained in this report show that Lockyer is a caring school that promotes a high quality and inclusive learning environment. We are a large and growing regional school, and deliver a varied and rich range of learning experiences and have the support of the school community.

School progress towards its goals in 2014

Lockyer District High School is proud of our work towards our goals. LDHS has made significant gains in preparing to implement the Australian Curriculum. Students have been supported to develop enhanced literacy and numeracy skills through dedicated support classes, while other students in years 9 through 12 have had opportunities to link directly with tertiary institutions a part of the Young Achievers Program.

Students have continued to engage in work placement, school-based apprenticeships and traineeships and engage in certificate courses in vocational programs. These programs increase a student's potential to transition to work after school.

Lockyer District High School is the largest state-funded educational institution in the Lockyer Valley and the largest school in the Lockyer District. We continue to enjoy the support of the school community who value the programs that the school provides for students. Core priorities included

1. Improve whole-school attendance rates.
2. Reading and Numeracy as evidenced in NAPLAN and other standardised testing. These increases have a positive effect on student achievement across the curriculum.
3. Improving senior transition outcomes particularly QCE attainment and OP outcomes.
4. Improving the relationship between school and the community as evidenced in the School Opinion Survey.

Future outlook

Our school vision is ... Our students, working together to ensure that every day, in every classroom, every student is learning and achieving. Becoming enterprising, resilient, creative, adaptable, confident individuals is core to what we do.

Our future outlook includes preparing the school and school community for the introduction of Year 7 into high school (Flying Start initiative) including re-configuring of the Junior Secondary curriculum to more appropriately meet the needs of adolescent learners (based on contemporary research). This process incorporates the best aspects of Lockyer including our commitment to student wellbeing, leadership opportunities, access to a high quality and diverse curriculum as well as effective and caring teachers and staff who nurture and guide the improvement of all students.

Implementing the Great Results Guarantee (GRG) and thus to increase Literacy and Numeracy standards across the school but particularly in Junior Secondary. Increase outcomes in reading, writing, spelling, grammar and punctuation and numeracy so more students meet the national minimum standards or have a plan to meet the standard. This includes purchasing personnel to lead the process, purchase resources for teachers and students as well as provide funded time to allow for teacher collaborative planning.

Improve senior transition and attainment through the appointment of a Youth Support Co-ordinator to support students who are at risk of disengaging as well as improve school-based apprenticeships and traineeships, tertiary entry rates and retention of students towards completing a Queensland Certificate of Education (QCE).

Implementation of School-wide Positive Behaviour (SWPBS) which includes explicitly teaching desired behaviours to students, acknowledging desired behaviours and rewarding consistently good behaviours in students. The SWPBS process is a research and data-driven process that is supported by Education Queensland.

School Profile

Coeducational or single sex: Coeducational

Year levels offered in 2014: Year 8 - Year 12

Total student enrolments for this school:

	Total	Girls	Boys	Enrolment Continuity (Feb – Nov)
2012	1074	531	543	90%
2013	1062	513	549	92%
2014	1022	492	530	89%

Student counts are based on the Census (August) enrolment collection.

Characteristics of the student body:

The Lockyer District High School student body is characterised by an exciting amalgam of students from diverse backgrounds. Significant numbers have a long family history with the school and the agricultural and commercial sectors of the Gatton community. Many other students have settled in the Lockyer Valley as part of the South East's Western Growth Corridor. Many students represent Asian, African, Middle Eastern, Indigenous and other cultures, all who contribute to a rich cultural and educational experience. Lockyer support this diversity through a range of support and extension programs to meet the needs of the Lockyer Valley community.

How Information and Communication Technologies are used to assist learning

Lockyer District High School has an integrated approach to the learning and teaching of Information, Communication Technologies (ICTs). ICT skills are not taught in isolation – the skills are developed as part of learning experiences across the curriculum.

Our school has several dedicated computer rooms. The school has implemented our plans to provide 1:1 ratio in years 9 to 12 with a significant influx of 467 new computer devices into our school through 2011 and 2012. Significant effort is spent skilling and resourcing teaching staff with the necessary knowledge, skills resources required to deliver a digitally rich learning environment.

Lockyer spends significant funds in 2013 on employing a computer technician to support all ICT devices.

Social Climate

The care of students is the key cornerstone of our school. Students have reported feeling safe and welcome at our school. Our school provides a Guidance Officer, School based Youth Health Nurse, Chaplains, School-based Police Officer and Year Co-ordinators as initial points of contact for caregivers, students and their families. Other features of our school climate are:

Student Peer Support Officers and Peer Helpers act as support and confidants for troubled students.

A proactive care team regularly meet to design programs for the support of students. LDHS has a recently revamped bullying process and offers a structured program around cyber bullying throughout each year.

Students have the opportunity to engage in leadership activities and provide or receive peer support through senior or other students who have accepted responsibility to support their peers.

A school-wide positive behaviour support program (SWPBS) that teaches, supports and promotes positive behaviour across the school.

* Nationally agreed student and parent/caregiver items were incorporated in the School Opinion Survey in 2012.

'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. Due to a major redevelopment of the surveys (parent/caregiver and student in 2012; staff in 2013), comparisons with results from previous years are not recommended.

DW = Data withheld to ensure confidentiality.

Involving parents in their child's education

The major parent body in our school is the Parents and Citizens (P&C) organisation, which meets monthly. This group of positive, caring parents oversee the running of our school canteen, which is the major fundraiser of our school. The P&C generate donations to the school which support and enhance teaching and learning programs in the school.

Parents are invited to engage with teachers about their student throughout the school year. More formalised feedback about individual student progress is accessed through Parent/Teacher evenings held twice per year.

Involvement in curriculum planning is offered to parents during subject selection evenings and incidentally through contacting the school directly.

Reducing the school's environmental footprint

Lockyer District High School has worked hard to turn lights off, to keep solar panels serviced and operational as well as use water tanks for irrigation.

Lockyer has reduced its reliance on paper through the introduction of electronic communication strategies across the school.

Years	Environmental footprint indicators	
	Electricity kWh	Water kL
2011-2012	420,848	4,041
2012-2013	441,821	5,238
2013-2014	456,077	8,099

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

*The method for calculating attendance changed in 2013 – care should be taken when comparing data after 2012 to that of previous years.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DETE policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

All students are expected to attend school on all scheduled school days in line with their program of study.

Official school rolls are marked at the start of each school day. Teachers mark class rolls each lesson and submit this information to Administration.

Lockyer District High School has very effective lines of communication with caregivers regarding absences from school. Parents are expected to make contact with the school to explain student absences from school. This process is made easier through our 24 hour messaging service. Parents are SMS text messaged if their student's absence is unexplained.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7, and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

Post-school destination information

At the time of publishing this School Annual Report, the results of the 2014 post-school destinations survey, Next Step – Student Destination Report (2013 Year 12 cohort) for the school were not available. Information about these post-school destinations of our students will be uploaded to the school's website in September.

Early school leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12.

The majority of early-leavers continue their learning at another learning institution. This typically includes another state school, TAFE. Some students exit to full-time work. Very few students leave with no other pathway to learning or work.
